*Club Vatican releases its New Year's Eve 2007 open bar tickets. The Club located on Crescent St., Montreal's prime nightlife strip, will offer an open bar from 10 to 3 AM. As Montreal gears up for New Year's 2007, eager clubs and thrill seekers await what the Vatican will have in store for this year's party. This upscale and one of a kind club offers one of Montreal's most sought after parties. Tickets are limited and will be on presale on [www.montrealnewyear2007.com](http://www.montrealnewyear2007.com).*

Vatican is renowned for its stylish look and crowd. Located in the heart of Montreal's party district the club towers 3 stories above street level. The décor is inspired by Vatican City in Rome with stunning replicas of Michelangelo's masterpieces. The combination of this unique atmosphere and a classy VIP section draws a crowd from all around the world.

New Year's Eve at Club Vatican is another contributing factor to the club's reputation. The dance floor will be full guided by House, R&B and Hip Hop. There will be 11 bartenders working 6 bars and serving up free drinks and unlimited local beer from 10 to 3 AM. With party favors, free giveaways and more, club Vatican's New Years 2007 event will likely be sold out like previous years.

Club Vatican plays an influential role in Montreal. The Club is usually first in line to release New Year's Party Information and other clubs follow in their footsteps. Max B, the promoter for the event explains why this club is very popular on New Year's: "The open bar helps a lot. But the fact that we are located in Crescent Street allows party goers to celebrate once their are outside of the club since the vibe on this street is so high. Another reason this event has a great reputation is that we are always sold out and we only sell 800 tickets."

Vatican was the 3<sup>rd</sup> Club to join forces with Nightclub Authority's site dedicated to New Year's Eve events in Montreal. Representatives at Nightclub Authority were very excited to have the exclusivity of this event. PL Trudel, Sales rep explains: "Club Vatican Montreal has a

great open bar and is in the heart of Crescent Street. This event has a high demand; it's great for the development of our site."

New Year's will be available online via [www.montrealnewyear2007.com](http://www.montrealnewyear2007.com). Providing this service to Vatican's clientele will allow the most eager partiers to have a reserved ticket for the event and avoid getting left out in the cold come New Year's.
